Dreams and Visions

Chapter 525, Vision No. 1

VISION

(2) In this vision, I found myself near a large park where there were big trees, whose tops were very high.

(3) I wanted to put myself in the shade of one of them, when I heard noises, like the sounds of rattlesnakes, which blocked me.

(4) I was trembling. I was blocked on the spot. I could no longer budge. I was paralyzed. I was in vision, and I was looking *to see* where these noises came from.

(5) I looked up. I did not have time to put myself in the shade of a tree, for the noises of the rattlesnakes were coming from the tops of the trees.

VISION

(6) I raised my eyes on high toward a tree, and I saw

on its branches demons clothed in black from head to foot, hooded and armed with knives.

(7) From up there, they were looking at me down below. They were very high on the tops of the trees. They were everywhere on all the trees.

(8) While I was in vision, I saw these demons coming down like birds, and setting themselves on the ground. They caught a passer-by. I saw that they butchered their victim with their knives and were drinking his blood.

(9) Then, once their thirst satisfied, they rose like birds and went up to place themselves on the highest branches of the trees.

(10) And many times I have seen passers-by who, not suspecting their presence, had their throats cut; and the demons were drinking their blood. Then they abandoned their lifeless victims on the ground.

Dreams and Visions

Chapter 525, Vision No. 2

(1) I saw that the demons are like black birds, ravens. They are everywhere on the roofs of the houses, on the trees; and from time to time I saw one or two demons finding their balance in the air.— I was afraid. I trembled.

(2) They are like birds, and move in groups like birds. They go and search for victims to feed themselves with their blood.

(3) They are in groups in the groves, with their knives. They are on the trees. They can appear and disappear in the sight of humans. Their presence is subtle. They allow no one to see their presence, nor where they are hiding. They are everywhere in the cities, on the trees and in the groves.

(4) They do not eat solid food. They drink blood, human blood, by cutting their throats.

No one will be safe!

(5) It is thus that the demons will live on the earth, and make their abode with the humans of the earth. They will nourish themselves with the blood of their victims. Their knives will be used to butcher and kill.

(6) The demons have no abiding places. Their abodes are tall trees. It is where they live.

VISION

(7) I saw these demons coming down from trees and

setting their feet on the ground like birds. They go back up to the trees as fast as birds. They fly like birds.

⁽⁸⁾ JESUS, the son of God, had informed me of this. They are demoniac angels. They do not die. They move like birds and disappear from my eyes.

⁽⁹⁾ **“These billions of demons,”** said JESUS to me, **“will not live in houses. They have come to kill, to butcher the veiled women, the Jews, the immigrants, the blacks, and the sects.”**

⁽¹⁰⁾ **“Men, women, children, old men, will be butchered in order to nourish them-**

selves with their blood.”

⁽¹¹⁾ **“The inhabitants of the whole world will tremble!**

These demons are demoniac angels.”

⁽¹²⁾ JESUS said to me, **“They do not die. The fire of Gehenna is reserved for them.”**
